# Tridak® Trademark Registration Granted in US

Tridak LLC is proud to announce that "TRIDAK" is now a registered trademark in the United States. The registration of this trademark has been granted by the United States Patent and Trademark Office for a period of 10 years starting in 2010. Tridak also holds registration of the "TRIDAK" trademark in Europe. Tridak has specialized in fluid dispensing technology for over thirty years. Tridak offers a complete line of precision dispense valves, electro-pneumatic dispensers and controllers, disposable packaging, and complete dispensing and filling systems for industrial assembly and fluid packaging in syringes and cartridges. Tridak equipment can accommodate virtually any low-to-high viscosity material, spanning numerous applications and industries. In the event that standard products do not fully meet the challenge of the application, Tridak also has the capability to customize products and develop unique dispensing and filling systems for specific applications.
